

Corporate Profile:

digitalHUB Aachen e.V.

The digitalHUB Aachen e.V. (www.aachen.digital) is a registered association that promotes the digitization of the economy and public sector in the Aachen region. Members are medium-sized businesses, industry, startups and institutions that support the goals of the association. The digitization center of the digitalHUB Aachen brings together startups and IT medium-sized businesses (digital "enablers") with classic medium-sized businesses and industry as users (digital "users") in the digitalCHURCH to jointly develop and realize new digital business models. This is supported by the region and science ("supporter"). In this way, an "Aachen Area" will be created on a Euregional level as a digital innovation country. The digitization center of the digitalHUB Aachen is part of the initiative "Digital Economy NRW" and one of five centers for the digital economy in North Rhine-Westphalia, which funded by the Ministry of Economic Affairs.
